After Recruits—Got Them.

Lieutenant H. B. Hiatt, of the Hospital Corps, and Lieutenant Billy Armstrong, of Company M, were here the latter part of last week and the first of this week, getting recruits for their respective companies and they met with great success, the boys rallying to their appeal in good fashion.

Death of Jesse J. Gray.

The friends of Jesse J. Gray will be pained to learn of his death which occurred last week at the home two miles west of High Point, from pleurisy, following an illness of two months. Deceased was a son of G. W. Gray, 31 years of age and a prosperous farmer. He was connected with the Junior Order, Sons and Daughters of Liberty. The funeral services were conducted from Fairview Friday afternoon attended by a large number of people and represented by the two orders to which he belonged.

A FISTICUFF AND RESULTS

E. C. Brooks, general agent for an insurance company of which W. F. Armfield is the local agent, got into an altercation with Mr. Armfield Thursday and several blows were passed before being separated. A few scratches and a slight bruise or two were the extent of the injuries, Brooks receiving the blunt of the battle. From the evidence a dispute arose over an account and words were passed when Armfield invited Brooks out. Then Brooks said something friend Frank did not like and they clinched immediately, at least Armfield went straight after him. Brooks put up a \$10 bond and failed to show up at court while at the trial, Armfield was let off with \$5.00 and the costs, or equal to the amount of the bond Brooks forfeited.

Fannie Osborne was given four months on the roads in recorder's court Tuesday for disobeying the Guilford county moral law and vagrancy. The charge of disorderly conduct was dismissed by the payment of the costs. She took an appeal.

Branching Out to Larger Quarters

A change in location of the McLellan store from the Peacock building to the W. D. Simmons building causes several changes to be made in the mercantile interests of High Point. Amos Furniture Co. and the store of Gilmer Bros. will have to vacate for the McLellan company and desirable stores are not to be had on the spur of the moment.

It is understood that the McLellan people get possession Sept. 1st and that they will materially overhaul the building and put it in shape for the new store to be. Kress is erecting a big building on South Main next to the present site of the McLellan people and will be ready for business in September. In order to be further up the street and some distance from the Kress store, no doubt caused the McLellan people to lease the Simmons building.

To Celebrate Labor Day.

It is now planned to have a big celebration Labor Day, September 4th, in honor of the completion of the fine stretch of road between Greensboro and High Point. The plan is to have a big dinner in connection and for every body in the county to be invited. An interesting program will be arranged, which will include prominent speakers. The Chamber of Commerce of Greensboro and the High Point Commercial Club will take matters in hand. It is understood that this city will be asked to raise \$250 as its part of the expenses. As Guilford County has the finest stretch of road in the state it is quite proper that we should felicitate in a big get-together, good roads meeting.

THE BIG CELEBRATION.

Public celebration of the opening of the excellent concrete roadway connecting Greensboro and High Point was guaranteed when the county commissioners met the proposition of the two cities for such an event with high favor. The delegation representing the Commercial Club of High Point met the representatives of the chamber of commerce in the offices of the chamber and talked over the plans for the celebration last Monday in Greensboro.

After the "Rookies."

Lieutenant Armstrong and Corporal Burton are having good luck in getting recruits for the First Regiment. Up to Monday night nine had been sent to Morehead City to join the regiment—R. A. Shipwash, Ira Willard, James C. Spoon, Cicero Jarrett, Henry E. Davis, John T. Willett, Henry J. Martin, C. C. Robins and W. W. York.

Commendable Step.

Right thinking people will applaud the Leonard-Beavans-Stamey Co. for deciding to close its doors every Friday afternoon during the hot months in order to give its force a breathing spell. This step on the part of this Co. shows that it thinks of something else besides dollars and cents and we believe the people will commend them for it and when possible give them even more of their business for giving a half holiday weekly.

Other stores would do well to follow this example.

G. H. ROYSTER ILL.

George H. Royster of Greensboro, suffered a sudden attack of serious illness while on a visit to relatives in Granville county a few days ago, and for a while his condition was alarming. He was able to be brought to his home Sunday.

Robust in Mexico. Physically Unfit in U. S.

Newark, N. J., July 12.—Alberto Minondo, a former lieutenant in Carranza's army who deserted rather than stay in a position where he might sometime be called upon to fight the forces of his "beloved America," has been rejected for enlistment in the United States Marine Corps at the Newark recruiting station.

The former Carranzista could not meet the physical requirements for the Marine Corps, although in Mexico, according to his own statement, he had been considered a robust specimen.

Minondo is in New Jersey seeking members of the Madero family.

Finances of Recorder's Court

The first six months of this year shows the recorder's court to be more than self-sustaining, the fines and costs aggregating \$2056.99. February was the banner month with fines of \$117.50 and costs of \$375.34 a total of \$494.04 or nearly one-fourth of the entire amount. May was the dullest month with fines of \$37.50 and costs of \$187.12, a total of \$224.62.

Clinard, a brother, Joseph Payne, two sisters, Mrs. Emeline Haworth, and Mrs. Grace Spurgeon. Deceased was a member of the Primitive Baptist church. The funeral services were conducted from Abbott's church Monday afternoon by Elders Davis and Ashburn.

ECLIPSE OF MOON AND SUN IS DUE DURING MONTH.

North Carolinians interest in solar and lunar topics will be interested to learn that there will be an interesting partial eclipse of the moon on the night of July 14-15, about 80 per cent of the moon's surface being covered by the earth's shadow. It should be observed in High Point, weather permitting, about 9:30 o'clock on Friday night, when the shadow commences, and lasts until midnight.

An eclipse of the moon can only occur at full moon, or at "opposition," it is termed; that is, when the moon in its orbit about the earth is on opposite of the earth to the sun, all three bodies being in the line—the moon, the earth and the sun—the moon passing through the earth's shadow. As the earth's shadow at the point through which the moon passes is nearly three times the diameter of the moon, it will be seen a total eclipse may occur when these bodies are not in exact alignment. The length of the earth's shadow is approximately 857,000 miles and that of the moon 232,000 miles.

The eclipse of the sun will occur on July 29 and will be what is termed "annular," that is, the position of the sun and moon at the time of the eclipse will be in such relation to the earth, the sun being at its nearest point and the moon at its most distant, that the moon will not cover the sun's disc, a narrow rim of sunlight showing entirely around the moon. When these relative conditions are reversed we can have a total eclipse.

Some fellow remarked that since a big point has been won in the election of a new representative to Legislature from High Point, that we can now vote for bonds. But remember that the same powers that be are still in power and transacting business in the same old way.

Find a town in this state if you will that has a tax rate and valuation as high as High Point and then when you find it see if this town hasn't three times the improvements. SHOULD MAKE IT \$150.00

We are glad to learn that the firemen will be given the \$100 asked for to partially pay the expenses of the delegates to the Convention.

The Council should do the right thing and make it \$150 as the firemen deserve every cent they get. Don't let us be stingy with these boys.
